

# Keyang KH5000 SDS MAX Demolition Hammer

KEYANG KH-5000M 110V Demolition Hammer

Ideal for light demolition work, surface machining or sliding and sliding holes in brick, brickwork and light concrete

Increased durability and efficiency thanks to the chain drive and the oil-filled gear-box for adequate lubrication of the parts and excellent heat dissipation.

Excellent power / weight ratio: 12.5 Joule impact energy supplied by a 5 kilo hammer

Model	KH5000
Bit holder	SDS-Max
Beats per minute	0 - 3500 ppm
Weight	5000 grams
Power consumption	1050 watts
Stroke	2-7.5 Joule
