

**SSDP70**

67.0kVA Super Silent Diesel Generator

| GENERATOR SPECIFICATION    |                          |                      | ENGINE SPECIFICATION        |                      |
|----------------------------|--------------------------|----------------------|-----------------------------|----------------------|
| <b>Voltage</b>             | 400/230                  |                      | <b>Engine</b>               | Perkins 1103A-33 TG2 |
| <b>Phase</b>               | 3                        |                      | <b>Emissions certified</b>  | Non certified        |
| <b>Frequency</b>           | 50Hz                     |                      | <b>Cylinders</b>            | 3                    |
| <b>Standby Power (ESP)</b> | 67.0 kVA / 53.6 kW       |                      | <b>Aspiration</b>           | Turbo charged        |
| <b>Prime Power (PRP)</b>   | 60.3 kVA / 48.2 kW       |                      | <b>Cooling</b>              | Water cooled         |
| <b>Alternator</b>          | 63kVA Meccalte ECP32-2M4 |                      | <b>Displacement</b>         | 3.3 Litres           |
| <b>AVR</b>                 | DER 3Ø Electronic +/- 1% |                      | <b>Rpm</b>                  | 1500                 |
| <b>Fuel tank capacity</b>  | 350 Litres               |                      | <b>Net Engine power kWm</b> | 59.3                 |
| <b>Autonomy 100% load</b>  | 25 Hours                 | 13.9 Litres per hour | <b>Cooling fan air flow</b> | 89m³/min             |
| <b>Autonomy 75% load</b>   | 33 Hours                 | 10.4 Litres per hour | <b>Exhaust gas flow</b>     | 10.4m³/min           |
| <b>Autonomy 50% load</b>   | 48 Hours                 | 7.2 Litres per hour  |                             |                      |
| <b>Autonomy 25% load</b>   | 85 Hours                 | 4.1 Litres per hour  |                             |                      |
| <b>LWA</b>                 | 90                       |                      |                             |                      |
| <b>dBA @ 7M</b>            | 65                       |                      |                             |                      |
| <b>dBA @ 4M</b>            | 70                       |                      |                             |                      |

**TOTAL Winding Protection**

**3 Year Warranty (Limited)**

| DIMENSIONS (mm) & WEIGHT (KG) |        |       |        |        |
|-------------------------------|--------|-------|--------|--------|
| Status                        | Length | Width | Height | Weight |
| Skid dry                      | 2450   | 1000  | 1490   | 1490   |
| Skid wet                      | 2450   | 1000  | 1490   | 1790   |

#### POWER DEFINITION

##### **Standby Power (ESP) :**

Applicable for supplying power to varying electrical load for the duration of power interruption of a reliable utility source in accordance with ISO 8528-1.

##### **Prime Power (PRP) :**

Applicable for supplying power to varying electrical load for unlimited hours in accordance ISO 8528-1.

## CONTROL PANEL

- DSE 6110 control module - *see below for details*.
- Hinged control panel for easy access.
- MCCB overload protection.
- Variable RCD protection (30mA - 30A).
- RCD bypass switch.
- 1 x 400V 32A & 1 x 400V 63A BS4343 sockets.
- 1 x 230V 16A & 2 x 230V 32A BS4343 sockets.
- RCBO protection on all 230V sockets.
- Hard wire terminals.
- Remote start connections.
- Emergency stop.

## STANDARD FEATURES

- Low oil pressure, high engine temperature and low radiator coolant level shutdowns..
- Low fuel level warning.
- Zintec weatherproof enclosure.
- Lifting eye.
- 6-Way diverter valve complete with remote fuel tank quick release (3/8" BSP) fittings.
- Heavy duty 5mm base with fork lift pockets.
- Fork lift hard rubber bumpers.
- Oil sump pump.
- Battery isolator & emergency stop button for safety.
- Bunded fuel tank.
- Radiator water drain facility.

## DEEP SEA ELECTRONICS 6110 START/STOP CONTROL MODULE

- The module will display warnings, shutdown & engine status information on the back-lit LCD screen.
- Monitoring engine speed, oil pressure, coolant temperature, coolant level & fuel level.
- Volts, HZ, Amps, kW & kVA monitoring & protection.
- Service hours counter with maintenance warning.
- Battery voltage monitoring.
- 2-wire remote start function.
- Remote communication (telemetry) compatible.

## OPTIONS

- ATS Panel (Automatic Transfer Switch).
- Remote communication (telemetry) available.
- Engine coolant heater.
- Customised socket arrangement on request.
- Power-lock (Litton) connectors.
- Mains battery charger.
- Auto start/stop programmable 7-day timer.
- Chalwyn valve/Spark arrestor.
